QUALITY POLICY

At JORCAN ELECTRICAL INC., we are committed to becoming a leading provider of utility and construction services by delivering excellence in quality, safety, and service. Our goal is to exceed client expectations through expert craftsmanship, skilled resources, and effective risk management. We uphold a robust

Quality Management System that is tailored to our organization's needs and focused on continuous improvement. This system enables us to closely monitor performance, identify non-conformances, take corrective actions, and drive improvements based on lessons learned, management insights, and employee feedback.

Our commitment to quality is reflected in:

Meeting and exceeding client requirements by delivering work that adheres to all relevant standards and timelines.

Partnering with reliable suppliers and contractors who share our commitment to quality and compliance with applicable standards.

Verifying our work through comprehensive inspections and taking prompt corrective action whenever necessary.

Stakeholder engagement is central to our quality strategy. We consider the needs and goals of our clients, employees, the environment, landowners, and other key stakeholders to ensure alignment with corporate objectives and customer satisfaction. Regular meetings, feedback loops, and closing reports ensure that we continually gauge and enhance customer satisfaction.

Continual improvement is at the heart of everything we do, aligning with our core values of excellence and integrity. Our employees are our greatest asset. We involve them in decision-making processes, ensure they understand the needs of our stakeholders, and provide them with the training, mentoring, and resources necessary for success. By maintaining these principles, JORCAN ELECTRICAL INC. strives to deliver unparalleled quality in every project, ensuring long-term value for all stakeholders.

Sincerely,

President: Hassan Al-Majdub
